**FINDINGS OF FACT**

1. Harold W. Reeder, D.O., (hereafter "Respondent"), is a licensee of the Board and the holder of License No. 2001.

2. The following information was brought to the attention of the Board that Respondent may be engaging in the practice of medicine regarding prescribing medications without a proper evaluation of the patient and may have committed one or more acts of unprofessional conduct as defined in A.R.S. § 32-1854:

- a. On December 2, 1999 an investigation was opened after receiving an allegation that Respondent was prescribing the drug Viagra to the public without establishing a doctor/patient relationship or seeing the patient in the office to complete a physical and history.
- b. On December 30, 1999 Respondent responded to the allegation of unprofessional conduct and stated that he requires a completed comprehensive history form written by the patient prior to prescribing Viagra. Respondent also stated that he will not prescribe the medication if contraindications are provided without an examination.

3. The Board held a telephone conference call on February 8, 2000 to determine whether or not the seriousness of the allegation of prescribing medications without a face-to-face evaluation, physical and history, of a patient merits summary suspension of Respondent's medical license. Respondent agreed to voluntarily stop prescribing medications for rectile dysfunction without a face-to-face evaluation, including a complete physical and history, will not renew any prescriptions for medications for erectile dysfunction that have not had a face-to-face evaluation including a physical and history and will appear at the Board's March 4, 2000 meeting for an Informal Interview/Investigative Hearing for the Board to review this matter.

#### **CONCLUSIONS OF LAW**

1. Pursuant to Arizona Revised Statutes § 32-1800, et seq., the Arizona Board of Osteopathic Examiners in Medicine and Surgery has subject matter and personal jurisdiction in this matter.

2. Pursuant to Arizona Revised Statutes § 32-1855(C) and § 41-1061(D), enter a Stipulated Consent Order for the restriction of a license.

3. Based upon the Findings of Fact set forth above herein, the Board concludes that it has the requisite factual basis and legal authority for Respondent to restrict his license.

#### **ORDER**

Pursuant to the authority vested in the Board, **IT IS HEREBY ORDERED THAT:**

1. Respondent's Board License Number 2001 for the practice of osteopathic medicine and surgery in the State of Arizona is hereby restricted from prescribing any medication for erectile dysfunction without performing a complete physical and history or renewing any prescriptions for medication for erectile dysfunction that have not had a complete physical and history until the Board

makes a further determination at its March 4, 2000 Meeting.

EFFECTIVE this 8th day of February, 2000.
